

Questions for GOCO

- one letter or individual letters?
- Narrative only by 10/22?

One letter of commitment from DNA members. Send e signatures to Emily to compile into one signature.

Strategic plan moved to Phase 1 – wouldn't the research need to come first, and strategic plan is the outcome of the Discovery Phase? Might just be confusion with use of Phases in two different ways.

Might suggest shortening CC scope to 5 months (nov 2015 to march 2016)

Next Steps:

- work on revisions to narrative (Alyssa)
- Ask Scott for clarification on phases (Alyssa)
- Budget draft (both GOCO template and one including all phases and tasks and funding sources) - Missy
- Timeline draft - Missy
- Letter of Assurity draft (Missy)
- Pre-award commitments from each institution (Missy)
- Send draft of narrative to GOCO (Emily)

Community?

- defined as the other organizations. Just need to be explicit in proposal.

Cost share will get wrapped into a Letter of assurity – we have applied to Gates for the remaining \$75,000. We will hear back by XXX. However, if it is not successful the organizations are committed to raising. TPL is ultimately on the hook.

Discovery Phase – how to pay for it among 10 organizations – although not official match, it counts as showing our skin in the game – make this more explicit in the narrative. This is an internal commitment.

TNC \$5,000 total
